Sidi Muhammad al-Jamal is the guide of the Shadhiliyya Sufi Path and the spiritual teacher at the Mosque Al-Aqsa in Jerusalem. His message of unity, peace and love has touched the hearts of millions Sufi followers and others from every continent in the world. His purpose is to help everyone -no matter who- to return to the Love, to remember God within ourselves and in others and to bring us and the world healing, peace and mercy. This is the 4th annual Sufi School Northeast Event sponsored by community members from New England, New York and Canada.

"When you find the love, you find yourself. The secret is in the love. You are the love, not another. Everything is in the love, and everyone needs the love. If you find this, what more could you want? When you have the knowledge of the love, you feel peace in your heart. "...
